How to Use This Book

Pyramid reading builds a sentence one word at a time.

Try one!

Pam

Pam has

Pam has a

Pam has a red

Pam has a red hat.

Each line adds one new word.

1. **Read the first line.**
2. **Read the next line. One new word!**
3. **Keep going to the last line.**
4. **Read the whole sentence 3 times.**

Why pyramid reading works

- Only one new word at a time, so children feel successful.
- Repeating words builds smooth, confident reading (fluency).
- Colored vowels help children notice the short vowel sound.

For parents and teachers

- Best for ages 4–6 (Pre-K, Kindergarten, Grade 1) who know letter sounds.
- Start with Short A. Do one or two pyramids a day (5–10 minutes).
- Helper words used: the, a, is, in, on, up, and, at, it, can, has, had, his.
- Every other word has just one short vowel, so it can be sounded out.
- Tip: slide a page into a sleeve and use a dry-erase marker for the stars.
- Track progress on page 59. A certificate is on the last page.
